Welcome to First Presbyterian

Here at First Presbyterian Church we worship Jesus Christ. We believe that Christ transforms our lives and culture with the good news of Jesus Christ. We worship God in our community and in the world. We worship God in our worship, offering choir, a contemporary praise band. We believe something special happens in our worship or coming through our doors for the very first time. We are a place for spiritual growth and connection with God. We worship and hope we can be a home for you!

Reflections on Faith

to realize things
which those who
remain tied to
their own
resources could
never have
dreamed of." -
Hans Urs von
